

SUPER MUTANTS

The **Super Mutants** see themselves as lords of the wastes, and inheritors of civilization. Their leaders charge into the fray, hacking the enemy apart with powerful bludgeoning weapons, or provide covering fire from their heavy weapons and advanced rifles they have taken from their foes' bloody hands.

Teams of lighter armed Mutants advance, laying down fire from their rifles before closing to finish the dazed survivors with board and pipe, as packs of ferocious Mutant Hounds harry the enemy flanks and attack isolated stragglers.
