

SURVIVORS

VERSION 5.0

The **Survivors** faction represents rag-tag groups of humans banding together. Individually they are weaker than many other denizens of the Wasteland, but they thrive as a group. **Survivors** also have a high number of named characters with individual special abilities.

The layers of bonuses to your force and negatives to the enemy give the **Survivors** a serious edge in combat, the whole becoming much greater than the sum of their parts.
